

Jewelry Making Basics

Learn to design and create your own jewelry.

Instructor: Susan B. Swanson

Techniques for stringing, crimping and basic design structure for necklaces and bracelets will be covered.

Also, learn basic wire-wrapping and earring construction to compliment your necklace and bracelet.

Saturday, May 22, 2010 from 10:00am to 3:00pm

\$40 members \$50 non-members

Susan B. Swanson has been creating beaded jewelry for three years. What started as a hobby turned into a business and now Susan sells her work at various local and regional craft shows as well as to individual clients under the name *Susan Bernadine*. Each piece is one-of-a-kind and designed with a variety of precious and semi-precious stones, Swarovski crystals and/or glass beads.

*Class fee includes materials required to make jewelry pieces similar to those shown in photos above.

Full payment due at time of registration. \$10 fee for student cancellation. Full refund in the case of class cancellation.
